

PCA Speech Recognition Enabled Electronic Medical Record Software

The screenshot shows the PCA software interface. On the left, a 'Patients' panel has a dropdown menu showing '31315 (Fill, Good)'. Below it is a list of templates including 'Office Visit Male.rtf'. At the bottom left is a 'History' table. The main window displays a medical record for 'INITIAL OFFICE VISIT - MALE' with fields for 'Date of Service', 'RE: Fill Good', 'MRN: 31315', and sections for 'REFERRED BY', 'HPI', 'PAST HISTORY', 'MEDICATIONS', 'ALLERGIES', 'FAMILY HISTORY', and 'SOCIAL HISTORY'. A yellow callout bubble points to the main text area with the text 'Dictation / Typing Appears in This Window'. Three yellow callout boxes on the left point to the patient dropdown, the template list, and the history table respectively.

Call up Patients by Name or Record No.
